**NOTICE:** Before operating your Aether magnetic sweeper ensure the Aether is installed on your vehicle according to the Aether Assembly Instructions.

# Aether Operating Instructions

## STEP 1

Drive around with the magnet and pick up metal debris.

Note: The bump wheels on the ends of the sweeper should be about ½" off the ground when on level ground.

**AETHER**★

**STEP 2**

When Finished sweeping for debris, to clean the magnet off remove the Sleeve Retainer Clip from the opposite end that you want to discharge the metal debris from.

**STEP 3**

Remove the axle Lynch Pin and Wheel from the end that you want to discharge the debris from.

**STEP 4**

Pull on the Flange on the end of the Quick Clean off Sleeve and pull the Sleeve off.

All of the debris will fall off on this end of the magnetic sweeper.

**STEP 5**

Dispose of or Recycle removed Metal Debris.

**STEP 6**

Reinstall the previously removed PVC Quick Clean Off Sleeve, Wheel, Wheel Clip and Sleeve Retainer Clip.

Continue Sweeping.
