

## Quick and Easy Clean Off without Lifting or Bending Over!

Drop debris in one spot with a quick and easy pull of the convenient debris release handle, no bending over. Specifically designed for use on flat surfaces other than grass such as gravel, concrete and pavement. For light to medium users who need quick clean off but not height adjustability, the Aurora is a smart choice!

### Aurora Series™

### FEATURES

- Debris release handle lifts magnetic housing out of the tray. Debris then drops off the bottom of sweeper, no lifting or bending over
- Low sweeping height of 1 ¼" easily picks up everything on flat surfaces such as shop floors
- Permanently charged magnets packed end to end and unspaced provides maximum lifting power
- Maximum lifting height of 4 ½" (using 2 ½" nails)
- Available in three sizes to maximize efficiency and maneuverability (19", 25" and 31")
- Sturdy 6" plastic wheels
- Stands upright on its own when not in use, making it visible and less likely of being run over by other equipment and vehicles
- All moving parts are protected by nylon flange bushings to reduce wear and extend sweeper life

### BENEFITS

- Durability and longevity for light to medium use
- Reduce flat tires and related down time by removing dangerous and harmful ferrous metal debris
- Quickly recover nails, screws and other metal debris
  - Aluminum housing with 1/8" walls, won't rust in wet or damp conditions
  - Easy to store and transport - designed to stand upright on its own when not in use
  - Clean large areas quickly

### Recommended Applications:

- Fabrication Shops
- Manufacturing Facilities
- Trucking and Shipping Facilities

**Easy debris release.** When magnetic block is lifted and separated from bottom tray - debris drops to the ground

Available in three convenient sweeper widths

**Debris release handle** - remove debris from sweeper without lifting or bending over
