

Protective cage for cleaning rough terrain

The Remoras is specifically designed for picking up metal debris from uneven terrain. The cage keeps the magnetic housing tucked up and out of harms way while permanently charged magnets silently remove ferrous objects from gravel, sand, grass, concrete and pavement. It instantly upgrades your existing tractors, utility vehicles, trucks, mowers or forklifts so you complete two jobs at the same time. For users that need to reduce flat tires or clean large areas such as parking lots, roadways and facility grounds.

Remoras Series™ FEATURES

- Housing is packed end to end with three solid layers of magnets (4.5"x4.5"). More magnets means more lifting and cleaning power
- Protective ABS quick clean off sleeve wraps around magnetic housing for easy removal debris. Just slide tray off and debris drops off at the end of the magnetic housing
- Easily attaches to forklifts, ATV's, tractors, mowers or utility vehicles
- Maneuverability of your current equipment is not affected by attaching a hanging sweeper
- Durable and long lasting aluminium construction that won't rust if left outside
- Available in lengths from 3' to 8'
- Steel ribbed cage provides solid strength to support and protect magnetic housing when crossing rough terrain

BENEFITS

- Faster than other methods of picking up metal debris because it attaches to equipment you already use.
- Eliminate down time costs caused by repairing flat tires punctured by metal debris
- Reduce flat tires caused by metal debris
- No extra labor costs to provide a much safer, cleaner environment

Recommended Applications:

- Severe Duty Around Manufacturing Facilities

Extend the working power of your current equipment and do two jobs at the same time

Durable UHMW skid guards and steel ribbed cage protects aluminum housing from damage when crossing rough terrain

Easily attaches to equipment you already use

Remoras Specifications

Product Name

Remoras - Hanging Magnetic Sweeper

Sweeping Width

Available in 36", 48", 60", 72", 84", 96"

Height of Sweeper Magnetic Housing

Available in 4.5"

Face Depth of Sweeper Magnetic Housing

Available in 4.5"

Steel Plate

Yes

Ground Clearance

Suggested 1"- 5" suspension

Total Product Weight

Remoras38- 130lb

Remoras50- 168lb

Remoras62- 106lb

Remoras74- 243lb

Remoras86- 280lb

Remoras98- 318lb

Lifting Weight (measured in 2.5" 8 penny nails)

Remoras38- 50lb

Remoras50- 70lb

Remoras62- 90lb

Remoras74- 110lb

Remoras86- 130lb

Remoras98- 150lb

Cleaning Method

A quick clean off sleeve comes standard with this Unit
